

A close-up photograph of walnuts and walnut kernels. In the foreground, several walnut kernels are scattered on a light-colored surface. In the background, a whole walnut is visible, and a pair of metal nutcrackers is partially shown. The lighting is warm and natural, highlighting the textures of the walnuts and kernels. The background is slightly blurred, creating a sense of depth.

A collection of walnuts and walnut products is arranged on a light-colored wooden surface. On the left, there are several whole walnuts with their characteristic bumpy, brown shells. In the center and right, there are various walnut products: two walnuts cut in half to show the green, fleshy kernel inside; a pile of small, irregularly shaped walnut pieces; and a pile of larger, more uniform walnut pieces. The background is a simple wooden plank surface.

Note: Prices mentioned in this catalog are subject to change without prior notice^e due to market fluctuations and changing market scenarios.

THANK YOU
